Apple to oppose order to help FBI unlock phone belonging to San Bernardino shooter

(LA Times) Apple Inc. CEO Tim Cook said his company will resist a federal judge's order to access encrypted data hidden on a cellphone that belonged to the terrorist couple who killed 14 people in San Bernardino last year. In a statement released early Wednesday, Cook said that such a move would undermine encryption by creating a backdoor that could potentially be used on other future devices. "In the wrong hands, this software — which does not exist today — would have the potential to unlock any iPhone in someone's physical possession," the statement said. The order is aimed at removing what had become a barrier in the investigation of the deadliest terrorist attack on U.S. soil since 9/11. Authorities are trying to determine the couple's movements between the time of the attack at the Inland Regional Center the morning of Dec. 2 and their deaths in a wild firefight with police hours later. Last month, the FBI asked for the public's help in filling in an 18-minute blind spot in the narrative of the couple's whereabouts. The FBI is also probing whether couple received any help in plotting or carrying out the attacks. U.S. Magistrate Judge Sheri Pym in Riverside directed Apple on Tuesday to help the FBI get around the phone's passcode protection and any auto-erase functions the device might employ. "The government has been unable to complete the search because it cannot access the iPhone's encrypted content," U.S. Atty. Eileen Decker wrote in a 40-page motion to the judge. "Apple has the exclusive technical means which would assist the government in completing its search, but has declined to provide that assistance voluntarily." The device, an iPhone5, was given to Syed Rizwan Farook by the San Bernardino County Health Department and used in his job as an inspector, according to the motion.

International News – Significant Events

China Deploys Missiles to Contested Island in South China Sea: Taiwan

(NBC) China has positioned anti-aircraft missiles on a disputed island in the South China Sea, Taiwan said Wednesday. Asked about Taipei's allegation, Chinese Foreign Ministry spokesman Hong Lei said the deployment of missiles on Chinese territory would be "legitimate and reasonable" but added that he was "not aware of the specifics" of the situation. Earlier, Taiwan's Ministry of National Defense said in a statement it had "grasped that Communist China had deployed" an unspecified number of missiles on Woody Island. The island is part of the Paracels chain, which has been under Chinese control for more than 40 years but is also claimed by Taiwan and Vietnam. The statement added: "The military will closely watch subsequent developments." The move would follow China's building of new islands in the disputed sea by piling sand atop reefs and then adding airstrips and military installations. They are seen as part of Beijing's efforts to claim virtually the entire South China Sea and its resources, which has prompted some of its wary neighbors to draw closer to the U.S. The most dramatic work has taken place in the Spratly Island group, where the militaries of four nations have a presence, although similar work has also gone on at Woody and other Chinese holdings in the Paracels. On Tuesday, President Barack Obama and the leaders of the 10-member Association of Southeast Asian Nations called for the peaceful resolution of the region's maritime disputes. The United States has said it will continue conducting "freedom of navigation patrols" by ships and aircraft to assure unimpeded passage through the region.

SITUATION SUMMARY

Spill 16-1015: Train Derailment, Rialto, San Bernardino County

- At 2139 on 02/17/16, UPRR notified the California State Warning Center (CSWC) of a two railcars derailed upright
- No HazMat or injuries reported.
- Cargo and car ID numbers are unknown.
- Notifications made per SOP

Mission 2016-SREOC-21508, Warming Center, Santa Maria, Santa Barbara County

- At 1956 the California State Warning Center (CSWC) was notified by the Southern Duty Officer (SDO) of a request for a Warming Center in Santa Barbara County. The SDO created a mission in CAL EOC and was approved by the Executive Duty Officer (EDO) via the CSWC at 2146

Major Freeway Closure , Riverside County

- From Friday 02/19/16 at 2100 hours to Monday 02/22/16 at 0400 hours, a full freeway closure will occur for the westbound and eastbound SR 91 freeway between SR 71 and I-15.
 - Cal Trans has advised that alternate routes are available.

Weather of Concern

Northern California

- Wet conditions will return today as a cold front approaches the area. A period of moderate to heavy rain is expected this afternoon, followed by showers with slight chances for thunderstorms and small hail tonight.
- Mountain snow is likely tonight into Thursday. Some areas will also see gusty south winds. Showers will continue through Thursday into Thursday night to be followed by another round of rain as a second cold front moves through the area on Friday.

Southern California

- A pacific storm system will bring a chance of rain as early as this afternoon, with rain becoming more likely across the forecast area tonight into early Thursday.
- South winds are also expected to increase across the region today in advance of the cold front, with gusts up to 50 mph in the mountains.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

Wet and windy system moves in today. Winds increase by late morning in the Shasta Valley this will bring high wind warning winds to mostly the southern half of the Shasta Valley with advisory winds in the remainder of the Shasta Valley

Eureka Weather:

A return of cool, wet, and wintry weather is expected this afternoon through Friday. Rain, gusty winds, and mountain snow above 3000 feet can be expected.

Reno Weather:

A significant change is expected today into Thursday as a winter storm moves into the region. This will bring gusty winds Wednesday followed by snow and rain this evening through Thursday. Another weak system is possible Friday night, before the ridge rebuilds over the west with warming temperatures into early next week.

Sacramento Weather:

Pacific frontal system moves through today and Thursday bringing rain and mountain snow. Heaviest precipitation tonight and Thursday morning. Windy conditions this afternoon and evening. Snow levels dropping over night with mountain travel issues through Thursday. A weaker system moves through Friday.

San Francisco Weather:

A frontal system will bring light amounts of rain to the area this afternoon and evening. Strong southerly winds are expected to develop during the day Wednesday. Showers are expected into Thursday morning as an upper level trough moves through the area. A weak weather system will bring a chance of light rain to the northern part of the district Friday. A gradual warming trend and dry weather is then expected for the upcoming weekend and into the first part of next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

A storm system will impact Central California today and Thursday bringing mountain snow, valley rain, and cooler temperatures. Dry weather returns Friday and continues through the weekend.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Clouds will increase today and rain will develop during the afternoon or evening. Southerly winds will reach advisory levels across the higher elevations. Max temps will be 15 to 20 degrees cooler than yesterday. Showers will linger Thursday morning but then it will be mostly clear and dry into early next week. Well above normal temperatures will return Sunday and persist into early next week.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

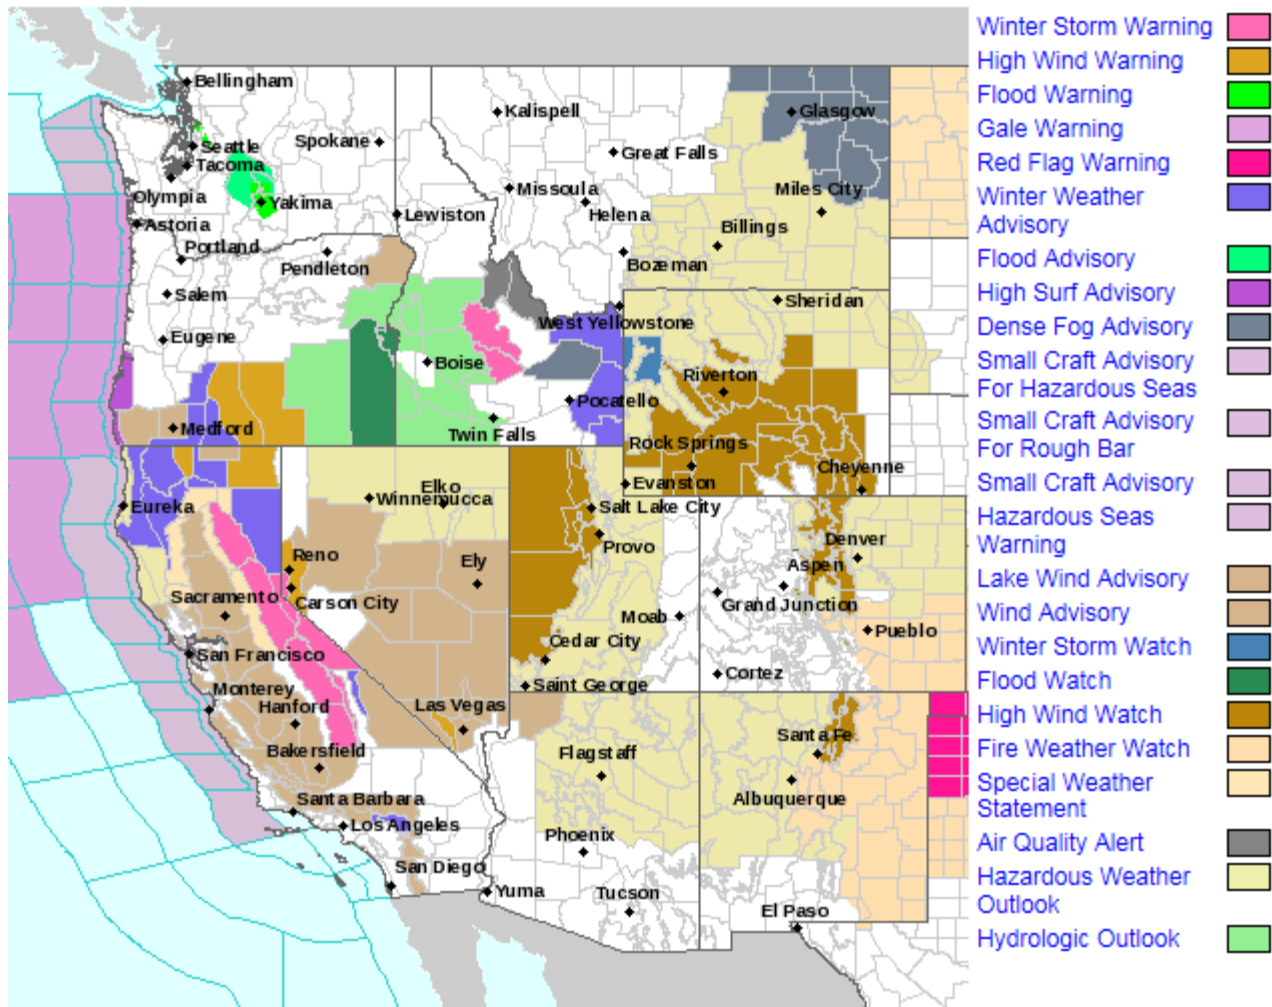

A cold front will move inland across Southern California on Thursday. Out ahead of the front today, Southerly winds will increase and become strong and gusty over the mountains and deserts. It will be noticeably cooler today and Thursday as clouds will be on the increase. Showers are likely in orange county and the northern valleys and mountains by late tonight spreading South on Thursday and diminishing by afternoon. It will continue to be cool through Friday then warmer again over the weekend. For next Monday and Tuesday much warmer with gusty northeast winds near the coastal foothills and valley slopes.

Southeast California Weather:

Very strong upper level high pressure will bring much above normal temperatures to the region on Wednesday with many lower deserts approaching or even exceeding 90 degrees. Some minor relief will arrive Thursday and Friday as a low pressure system moves into the Western States and afternoon temperatures cool. However, temperatures are again expected to warm well back up into the upper 80s this weekend and early next week as strong high pressure rebuilds over the desert Southwest.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New Cal OES Missions

- **2016-LAW-21526, 2/16 @ 2146 hrs.** The Air Force Rescue Coordination Center (AFRCC) notified the California State Warning Center of an Emergency Locator Transmitter (ELT) beacon sounding at CZQ Fresno VOR. A Civil Air Patrol Incident Commander is assigned. Fresno County has been notified.

Ongoing Cal OES Missions

- **2016-LAW-21292, 2/14 @ 1820 hrs. (REOPENED)** Solano County Sheriff's Office (SCSO) requesting mission be reopened to check additional locations on Monday, 2/15; this is a search for a male missing since 1/23, presumed drowned in an alleged fishing accident. A single HRD K9 Team has been secured from Siskiyou County. **Update:** 2/15 @ 1914 hrs. call from SCSO advising the mutual aid K9 team arrived and searched today; They will remain overnight and search again Tuesday. Absent any actionable intelligence / additional clues identifying a possible location for the MP, they will be scaling back to a limited but on going search. Private side scan sonar assets are still on site and will work again tomorrow in conjunction with the SAR Mutual Aid. **Mission ongoing.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
